Photographic Portraits Sale: June 20-30

artnet Online Auctions offers continuous online auctions of modern & contemporary fine art, prints and photographs.

From June 20-30 artnet Online Auctions will feature a special sale of Photographic Portraits celebrating icons of film, entertainment and popular culture from the 1930s-1960s.

Leading the sale is a selection of photographs of film stars including Greta Garbo, Jean Harlow, Audrey Hepburn, Grace Kelly, and Marilyn Monroe. Among the highlights is a luminous photograph of Audrey Hepburn and Grace Kelly backstage at the 28th Annual Academy Awards taken by Allen Grant in 1956 (estimate \$7,000-8,000). Other highlights include the *Garbo Portfolio I*, 1929-1931 by Clarence Sinclair Bull, a portfolio of five gelatin silver prints that capture the star in various poses at the height of her career (\$2,500-3,500).

The sale also celebrates music legends from the Jazz era to the 1960s with portraits of Duke Ellington, Charlie "Bird" Parker, Elvis, The Beatles and Bob Dylan. *Duke Ellington*, 1947 is an exuberant portrait of the Jazz great by William Gottlieb. *Elvis Waving*, 1958, one of several works in the sale by Life Magazine Photographer Bill Ray, captures the enthusiasm of the young pop star as he embarks upon his military service (estimate: \$1,500-2,000). *Bob Dylan and Suze Rotolo, New York*, 1963 by Don Hunstein is an atmospheric color photograph of the artist and his companion strolling in the snow (estimate \$2,500-3,000).

We invite you to browse the sale at artnetonlineauctions.com.
